Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
1.1.1	Review and update stormwater management plan and ordinance for Brodhead and McMichaels Creeks, which includes an updated floodplain ordinance and conduct outreach.	2.4	1.8	2.5	2.4	1.5	2.105
1.2.1	Encourage participation in the NFIP-CRS program through outreach and education to municipal officials.	2.75	3	3	2.4	3	2.86
1.2.2	Develop CRS information sheet based on the CRS pointing system to assist municipalities in obtaining CRS certification.	2.75	3	3	2.4	3	2.86
1.3.1	Enforce the municipal floodplain ordinances to reduce the impact of flooding.	2.75	2.5	3	2.4	3	2.71
2.1.1	Develop work group to investigate the initiation of a "Firewise" program.	2.2	2.2	2.5	3	1	2.2
2.1.2	Encourage wildfire-prone municipalities to implement outdoor burning bans, providing ordinance-writing assistance where necessary.	3	1	3	3	3	2.4

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
2.1.3	Conduct homeowner and business owner outreach to the public on the importance of clearing brush and grass away from buildings, making them less susceptible to wildfires.	2.75	1.9	3	3	2.75	2.5825
2.1.4	Complete the activities to secure "Firewise" designation.	2.4	1.9	2.5	3	2.75	2.4125
2.2.1	Correct drainage problems as identified in Brodhead/McMichaels and Tobyhanna Creek Watershed Act 167 Plans.	2	2.5	2.5	2.4	2.4	2.37
2.2.2	Clean up brush and debris in waterways in identified locations and jurisdictions to alleviate flooding.	2	2.5	2.5	2.4	2.4	2.37
2.2.3	Develop a workgroup to discuss and investigate the permitting process for debris removal in at risk waterways	1.8	1.8	2.5	2.4	2.4	2.12

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
2.3.1	Continue to target and prioritize at-risk structures for acquisition, relocation, and elevation countywide, completing Hazard Mitigation forms when applicable, and meet with homeowners on the benefits of mitigation opportunity.	2.75	2.2	2.5	2.4	2.75	2.4825
2.3.2	Identify the lowest floor elevation of the most vulnerable structures to flooding, especially historical, repetitive loss and severe repetitive loss properties.	2.4	2.5	2.5	2.4	1.5	2.315
2.4.1	Develop additional and maintain current GIS layers for critical facilities and infrastructure.	2.75	2.75	2.75	3	3	2.825
2.4.2	Develop additional GIS layers for public utility services.	2.75	2.75	2.75	3	3	2.825
2.5.1	Conduct emergency planning for transportation routes to reduce business interruption from transportation accidents.	2.5	2.5	2.75	3	3	2.7

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
2.5.2	Develop and implement an Emergency Action Plan for the East Stroudsburg/Stroudsburg Joint Flood Control Project.	2.5	2.5	2.75	2.7	3	2.655
2.5.3	Complete the activities to secure "Storm Ready" designation.	2.5	2.75	3	3	3	2.825
2.5.4	Continue the activities to maintain "Storm Ready" designation.	2.5	2.75	3	3	3	2.825
2.5.5	Establish a hazard mitigation workgroup that includes utility providers to investigate ways to decrease utility outages.	2.3	2.3	1.9	3	3	2.43
3.1.1	Conduct community outreach and public education materials for all hazards, including household safety, preparedness and person mitigation measures, especially flooding and wildfire.	1.9	1.9	2.4	3	2.4	2.24
3.1.2	Continue environmental education center programs for school students.	2	2	2.5	3	2.4	2.31
3.1.3	Public outreach on the vulnerabilities and risk factors of drowning.	2.2	1.9	1.8	2.5	1	1.895

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
3.2.1	Expand public education programs for homeowner conservation measures to deal with drought events.	2.3	2.3	2.3	2.2	1.8	2.21
4.1.1	Identify emergency response equipment and training that is needed by first responders for response to hazardous material incidents.	2.5	2.5	2.5	2.75	2.5	2.5375
4.1.2	Conduct primary road commodity flow study in Monroe County.	2.5	2.5	2.5	2.9	2.75	2.5975
4.1.3	Conduct secondary road commodity flow study in Monroe County.	2.5	2.5	2.5	2.9	2.75	2.5975
4.1.4	Identify emergency generator capabilities for critical facilities in Monroe County	2.5	2.5	2.75	3	3	2.7
4.1.5	Install emergency generators at critical facilities and other essential facilities to enhance capabilities during utility outages.	2.75	2.5	2.75	3	3	2.75
4.2.1	Integrate any municipal public notification system to enhance dissemination of emergency information and public warning.	2.6	2.4	2.75	3	2.4	2.6

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
4.2.2	Develop a county wide notification and early warning plan for vulnerable populations in Monroe County	2.75	2.5	2.75	3	1.8	2.57
5.1.1	Maintain, repair, and/or replace roadway drainage systems at identified locations to alleviate flooding and prevent transportation incidents.	2.75	2.75	2.4	2.4	2.5	2.59
5.1.2	Maintain and/or reconstruct identified bridges to prevent transportation accidents and improve the transportation network.	2.75	2.75	2.4	3	3	2.755
5.2.1	Enforce UCC and promote the establishment of best practices on implementation	2.5	2.5	2.75	2.75	2.25	2.55
5.2.2	Integrate the 2016 Monroe County hazard mitigation data and principals into local municipal planning efforts.	2.4	2.4	2.75	3	2.75	2.6125
5.2.3	Integrate the 2016 Monroe County hazard mitigation plan with the East Stroudsburg University hazard mitigation plan	2.4	2.4	2.75	3	2.75	2.6125

Mitigation Actions		Multi-objective mitigation action prioritization criteria					Priority
Action #	Action	Effectiveness	Efficiency	Multi-Hazard Mitigation	Addresses High Risk Hazard	Addresses Critical Communications/ Critical Infrastructure	
6.2.1	Conduct outreach to private owners of high-hazard dams on the importance of dam safety planning and on mitigation opportunities for dam failure hazards.	2.4	2.4	1.9	3	2.5	2.405
6.2.2.	Develop a Route 611 transportation planning work group to conduct planning for transportation items related to major interstate shutdowns.	2	2	2	3	3	2.3
6.2.3	Develop a transportation planning work group to conduct planning for transportation items related to major highway shutdowns.	2	2	2	3	3	2.3
