

# Monroe County Hazard Identification and Risk Evaluation Worksheet

## Municipality or Organization:

The following natural and human-caused hazards were identified and profiled in the 2016 Monroe County Hazard Mitigation Plan. In the center column, identify how the frequency of occurrence, magnitude of impact and geographic extent has changed in your municipality since the plan update by placing NC: No Change; I: Increase or D: Decrease. If Increase or Decrease is identified, please explain why in the comments column.
