

VOTING INFORMATION FOR COLLEGE/UNIVERSITY STUDENTS

You may register using either your home address or college address at-

www.votespa.com

- If you register using your home address and you will be attending college on Election Day, you should contact the County where you are registered and ask for an absentee application or visit your county's website to print an application.
- If you register using your college address, you can vote at the precinct noted on your voter card. If you are unable to vote at your college address, you can request an absentee application from Monroe County.
- If you are registered in another State, you must either cancel that registration to register in Pennsylvania or request an absentee ballot through that County and State.
- You will be required to show ID the *first* time you vote in a new precinct.
- The individuals who may ask you to fill out a voter registration form on campus are not associated with the Monroe County Elections office so be careful when you share personal information.

ABSENTEE VOTING

- If you will not be physically present on Election Day in the precinct where you are registered, download an absentee ballot application at www.votespa.gov
- Apply for an absentee ballot at least a month before the Election.
- On the application be sure to include the mailing address to which you want the absentee ballot sent.
- Mail the application to the Voter Registration Office in the county in which you are registered.
- When you receive the ballot, read the directions carefully, fill it out, and return it via mail. The ballots are due in the Elections Office the Friday before the Election.
