

2055 LONG-RANGE
TRANSPORTATION PLAN UPDATESHAPE
TOMORROW'S
TRANSPORTATION

Your voice will help guide transportation investments through 2055.

WHAT IS THE LRTP?

The Long-Range Transportation Plan is the region's blueprint for transportation over the next 25+ years. It identifies transportation needs, priorities, and investment strategies for roads, bridges, transit, walking, bicycling, freight movement, and emerging technologies.

The plan helps determine how federal transportation funding is prioritized in Carbon, Monroe, Pike, and Schuylkill counties.

WHY PARTICIPATE?

Help us answer questions like:

- Where should transportation investments be made?
- Which roads need improvement?
- How can walking and biking become safer?
- What transportation challenges do you experience?
- How should we prepare for future growth?
- What public transportation needs are not being met today?

WE WANT YOUR FEEDBACK!

PROJECT TIMELINE

SUMMER-FALL 2026

- Existing Conditions
- Public Outreach
- Stakeholder Engagement

WINTER-SPRING 2027

- Identify Transportation Needs
- Forecast Revenue
- Develop Strategic Directions

SUMMER-FALL 2027

- Draft Plan
- Public Review
- Final Adoption
